Mute Cancellations of the Brazil Empire / Carimbos Mudos do Império Brasil

ERRATA

After publication of the Second Edition of *Mute Cancellations of the Brazil Empire* in August 2026, it was discovered that the numbering of the cancellations skipped three digits after cancellation #3981. As a result, page 170 ends with cancellation #3981 and page 171 starts with cancellation #3985 – and all subsequent cancellations on pp. 171-203 are three digits higher than they were in the First Edition of the book (published in 2000). This is important, because the error makes cancellations #3982-4676 out of sync with the numbering used in the First Edition and in two sections at the back of the Second Edition (the Cross-Reference with the Paulo Ayres numbering system and the Scarcity Ratings).

All copies of the Second Edition published in Brazil were impacted by this error, as were all copies published by Amazon prior to October 19, 2026. (The Amazon printing date appears on the page opposite the inside of the back cover.)

We are deeply sorry for this mistake.

To address this error, we have produced the attached correction to pages 171-203. Owners of the impacted versions are strongly encouraged to print this corrected version and insert it in the book or, alternatively, use it as a guide to write the corrected cancellation numbers on pages 171-203 of the Second Edition.

Após a publicação da segunda edição de *Carimbos Mudos do Império do Brasil*, em agosto de 2026, constatou-se que a numeração dos carimbos apresentava uma lacuna de três números após o carimbo nº 3981. Como resultado, a página 170 termina no carimbo nº 3981, enquanto a página 171 começa no carimbo nº 3985 — fazendo com que todos os carimbos subsequentes, nas páginas 171 a 203, apresentem uma numeração três unidades superior àquela constante na primeira edição da obra (publicada em 2000). Esse detalhe é importante, pois o erro faz com que os carimbos de nº 3982 a 4676 fiquem em desacordo com a numeração utilizada na primeira edição, bem como em duas seções ao final da segunda edição (a tabela de referência cruzada com o sistema de numeração de Paulo Ayres e a classificação de raridade).

Todos os exemplares da segunda edição publicados no Brasil foram afetados por esse erro, assim como todos os exemplares publicados pela Amazon antes de 19 de outubro de 2026. (A data de impressão da Amazon encontra-se na página oposta à parte interna da contracapa.)

Lamentamos profundamente o ocorrido.

Para corrigir essa falha, elaboramos o material anexo, referente às páginas 171 a 203. Recomendamos aos proprietários dos exemplares afetados que imprimam este conteúdo corrigido e o insiram no livro ou, alternativamente, utilizem-no como guia para anotar a numeração correta dos carimbos nas páginas 171 a 203 da segunda edição.
